

# Blank Panel

**Model: BP2**

*Revised: April 2002*

## **Product Description**

The Model BP-2 Blank Panel is a mechanical device used to cover unused M5 or IMR5-10 Receiver Rack spaces in Model MC3 Control, Receiver Rack. The Blank Panel is constructed of 16 gauge steel and has a black finish. The Blank Panel is installed in the MC3 Console using four 10-32 screws which are concealed by tamper resistant front door of the cabinet.
